November is here and we are so thankful for the many blessings God has given us. We will be asking all our families to help us with our November bulletin board by sending in a family picture. The children love to talk about their family members and we love to hear them share their stories with each other. Please feel free to stop in to enjoy our bulletin board when it is done.

We begin scissor skills this month. This is an important skill and the children will have many opportunities to practice as we prepare projects this month. Caution.... their zeal sometimes leads to a new self-inflicted "haircut"!

Letters T, L, I, S and their corresponding sounds will be featured this month. Turkeys, leaf prints, and squirrels are just a few of the projects we will be doing together. We will continue with pre-math skills using numbers 1 through 5, one to one correspondence and rote counting. At the end of the month all classes participate in a Thanksgiving Feast. More information to follow.

A parent-teacher conference sign-up sheet is posted outside our classroom. If the conference dates are not convenient for you we can arrange a time to meet or speak by phone.

Thank you for your willingness to build a strong home-school connection.

We have so much to be thankful for and the Lord loves to hear us thank Him.

This month provides the perfect opportunity to teach our Teddy Bears about being thankful to God for caring for them. We will be learning through books, songs and fingerplays about the first Thanksgiving and how God cared for the Pilgrims. We will be making "thankful turkeys" for our **Thanksgiving Feast on the 21st and 22nd** that will give the children an opportunity to tell what they are thankful for.

This month we will continue learning our shapes and numbers. You may hear some Christmas songs that we are learning for our concert next month. As you can see, we are very busy bears!

Thank you for making sure to label all of your child's clothing, making it easier as we dress for outside play.

Our little tadpoles are growing more and more as time flies by here at Joyful Noise! We are so very proud of them as they adjust to their new environment and advance in their learning skills. The children have become familiar now with the classroom schedule and routines. Thanks to all who helped out with the snacks for our amazing Fall Celebration!

This month the students will be learning their shapes and continue learning about numbers. We will continue practicing fine motor skills with cutting and tracing worksheets and will start to learn to spell their names and begin to recognize their letters.

Our Bible Theme is "God Watches Over Me" and the children will discover that God protects us and knows our every movement.

In Music we will be focusing on expressing rhythm with our body movement.

Thank you for making sure to label all of your child's belongings with their name.

November...a time to be thankful to God for so many things! We are thankful for you and your precious little ones that you have placed in our care.

This month we are specifically thanking God for our families which will be evidenced by our November bulletin board. Please be sure to send in a family photo if you haven't already done so. During this month of thankfulness, we will also be talking about letter concepts Mm, Tt, and Gg. In correlation to these, some projects will include a mouse puppet, marshmallow mosaics, golf ball painting and a guitar. **Our Thanksgiving Feast days will be Monday, November 21st and Tuesday, November 22nd.** In preparation for these exciting days, we will make turkey hats and placemats.

We have enjoyed getting to chat with you a bit at drop off, pick up or at other functions, but please sign up for a time slot for our parent/teacher conferences so we can talk one-on-one about your child. We look forward to seeing you then!
